This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

eleven; a fragment of a letter of Benedict Arnold, complaining of aspersions on his character; and a letter from Aaron Burr to his daughter, Theodosia, introducing Colonel Brandt, as an "indian" (*sic*) who "does not drink rum." We also find Hancock's, Franklin's, Richard Heber's, and a letter from Dibdin, soliciting the propriety of a subscription paper for his benefit. The illustrations are rich, rare, and various.

In addition to these and many other professedly extra-illustrated books, the collector has evinced a habit of inserting from one to half a dozen unexpected pictures in other books, in order that they might not feel neglected.

To keep the books in countenance the collector sends along a few rare and famous old engravings and etchings, by Durer, Rembrandt, Turner, Raphael Morghen, and others.

And now, as Charles the Second of England begged pardon of his court for being so long in dying, so the collector apologizes for this long preface. Still, he feels that it would be as ungracious to criticise it for its length, as for the sheriff to shorten the condemned man's last words on the scaffold. Leaving the preparation of the following pages to the experienced hands of Mr. J. O. Wright, the collector now says to his readers and to his books, "*Vale et ama.*"

The famous plates in this edition derive their principal charm from a total absence of decency in keeping with the spirit of the text. "The Deluge" (Vol. I. p. 75). and "The Anxious Seat," (p. 52), are but specimens of the delicate situations peculiar to the work.

Large paper, limited to 50 copies.

"The illustrations etched by M. Flameng for M. Chas. Blanc's Catalogue of the Works of Rembrandt, have long been familiar to the students of art; and we have known for years that M. Flameng could copy Rembrandt with a degree of life and truth which left little to be desired. Still it is probable that the *élite* of the general art public will not be quite prepared for the great technical triumph which M. Flameng has just achieved. He has produced a copy of one of Rembrandt's most difficult and complicated etchings—*a copy, which, if we balance one quality against another, certainly exceeds the most perfect photography in accuracy*, while at the same time it possesses, as a piece of execution in etching, all those technical merits for which Rembrandt was famous. . . . . In a certain sense, and for some peculiar reasons which will be given in support of the assertion, it may be boldly affirmed that, as a technical performance merely, such a copy as this is even more wonderful than the original plate itself."—HAMERTON.

Exquisite, is a thoroughly appropriate description for these works of the celebrated beau, banker, and poet. The enormous wealth of the author enabled him to command the best talents of the best artists of his time, and it is stated that he spent £10,000 in the illustration of his "Italy" alone. J. M. W. Turner, Prout, and Thos. Stothard rivaled themselves, and the genius of design was in turn rivaled by marvelously skilled engravers.

770 SHAKESPEARE. MIDSUMMER NIGHT'S DREAM; *illustrated with 24 fine Silhouettes by P. Konewka.* 4to, cloth extra. Boston, 1870

"That it needs a poet to translate a poet, is a common aphorism; to which it may be added, as a corollary, that it needs a poet to illustrate a poet. Herr Konewka, as an illustrator, is in possession of the poetic sense. By simple outlines he kindles imagination, and transports the spectator into the world of the poet's fancy. Thus silhouettes of Titania, Ariel, Bottom, no sooner meet the eye than memory awakens consonant associations, and the ear, as it were, becomes conscious of the rhythm of verse."—*Saturday Review.*

This is the first draft of the Revolt of Islam. 52 leaves were cancelled in this book; it was then published under the title mentioned.

"In the summer of 1817 he wrote the 'Revolt of Islam,' chiefly on a seat on a high prominence in Bisham Wood, where he passed whole mornings with a blank book and a pencil. This work, when completed, was printed under the title of 'Laon and Cythna.' In this poem he had carried the expression of his opinions, moral, political, and theological, beyond the bounds of discretion. The terror which, in those days of persecution of the press, the perusal of the book inspired in Mr. Ollier, the publisher, induced him to solicit the alteration of many passages which he had marked. Shelley was for some time inflexible; but Mr. Ollier's refusal to publish the poem as it was, backed by the advice of all his friends, induced him to submit to the required changes. *Many leaves were cancelled*, and it was finally published as 'The Revolt of Islam.' Of 'Laon and Cythna' *only three copies had gone forth.* One of these had found its way to the *Quarterly Review*, and the opportunity was readily seized of pouring out on it one of the most malignant effusions of the *odium theologicum* that ever appeared even in those days, and in that periodical."—*Fraser's Magazine*, vol. lxi., p. 100.
